RING out the old year, ring in the new.

A HAPPY NEW YEAR to all our subscribers.

LET us hope that the year 1907 may prove as prosperous as the year 1906, with the earthquakes, wrecks, etc., eliminated.

Is it possible that Sheriff Ross has been unwittingly led into a contest simply to gratify the desire of certain "friends" of his to harrass Sheriff-elect Arthur Langford? Well Arthur has his certificate of election and will take office in a few days and it is safe to say that he will hold the office. After what Ross has said repeatedly that he would not contest, that he was a "good loser," etc., it ill becomes him at the last moment to change his mind and file a contest on so flimsy a pretext.

THE following startling announcement by Dr. Josiah Strong, President of the American Institute of Social Service, is worthy of careful thought:

"We in the United States kill in four years some 80,000 persons more than fell in the battle and died of wounds during the four years of the Civil War. We are killing more than twice as many every year as perished by violence in both the French and English armies during the three years of the Crimean war.

"There are more killed and wounded on our railroads every year than the entire losses of the Boer war on both sides in three years. We have industrial casualties enough every year to keep one conflict like our war with Spain going on 1200 years, twelve such wars going for 100 years. Our peaceful vocations cost more lives every two days than were lost in battle during the entire Spanish war.

"From the best statistics obtainable I may say there are today 575,000 persons in the United States under sentence of death to be executed at an unknown moment during the next ten years—1100 next week and the same number every week until the ghastly work is complete. An intelligent and earnest effort would procure the reprieve of a multitude of these innocent victims."

Brighten Up

"Brighten Up" time is here—the time to clean up about the house, renovate, and make the old things look neat and clean again. We can help you in the work with our line of **SHERWIN-WILLIAMS PAINTS AND VARNISHES.**

It is really surprising what a little paint or varnish will do toward brightening up dingy surroundings. Take *The S-W. Family Paint*, for instance. This is a linseed oil paint specially prepared for home decorating and painting. With it any one can renew the appearance of a hundred little things that now look worn and old. It dries with a good gloss and will stand scrubbing with soap and water. Comes in 26 attractive shades.

The S-W. Floorlac is another splendid household brightener. It is a stain and varnish combined and can be used on old or new woods equally well. Imitates the natural woods and gives a most pleasing effect.

These offer a few hints for you. Come in and have a "Brighten Up" talk with us and learn more about how we can help you in your Fall cleaning. Our line has a paint or varnish for every purpose.

Teachers Want More Money.

The Santa Clara County Teachers' Association held their quarterly meeting in Judge Welch's courtroom, Department No. 1, at the County Court House.

A general discussion, covering educational topics in general, was indulged in by the teachers present.

Dr. Henry Suzzalo of Stanford University, delivered the principal address.

The most important matter brought before the teachers, was in the form of four resolutions, one of which is to be presented at the next meeting of the State Legislature; the second to the County Superintendent of Schools, T. D. Bateman; the third, to the County Board of Supervisors, and the fourth to the City Council.

The resolutions to the State Legislature asks that a law be passed fixing the minimum allowance for each census child at \$9, instead of \$7, as at present. Declaring that every county in the State would be benefited by this increased school fund, enabling school boards to pay higher salaries, and furnish better school equipment, etc.

The resolution to Superintendent Bateman, directs the County Superintendent of Schools to ask the County Board of Supervisors for an allowance of \$9 per census child for school purposes.

The third resolution is a request that the Supervisors grant the request of the County Superintendent of Schools and the resolutions to the City Council requests that body to allow the city 25 per cent of the taxes for schools instead of 20 1-2 per cent as proposed.

It is claimed by the teachers that Santa Clara County, one of the richest counties in this State, pays the lowest salaries to its teachers, with the result that the best teachers seek employment elsewhere.

The resolutions were prepared and presented by City Superintendent of Schools, Alex Sheriffs.

Mr. and Mrs. Morris Springer and family are spending a few months in the mountains near Milpitas, Mr. Springer having rented a large acreage for hay purposes.

Mrs. Turnbull of San Francisco spent last Sunday with Mrs. S. G. Rodeck. She brought with her some fine paintings by her son Roy, as gifts to Mrs. Campbell and Mrs. Rodeck.

Little Alta Gunsolus has been dangerously ill the past week, but when last heard from was thought to be out of danger. Dr. C. A. Wayland of San Jose is the physician in charge.

The High School Alumni re-union was held at the school today, after which a basketball game was played between the Alumni and regular team, the latter winning by a 10 to 3 score.

The Choral Society has changed its time of rehearsals to Saturday evenings. The Society is still in need of tenor and bass voices and would be glad to secure same. The Choral will give a concert on Washington's birthday.

The Campbell Band has "flunked." It has been a permanent fixture from the beginning of the town, when Marshal Ross, Frank Blaine, John Clink, Worthen Williams, Prof. Pannell, Morris Springer and others of the "old guard" used to control its destiny. Campbell is certainly sore pressed when it cannot support a band.

This Christmas time was a banner one for the local postoffice. On Christmas one mail alone brought 20 sacks, and on the day previous one mail brought 18 and it is safe to say that things were lively at the postoffice. Two of the carriers—Preston and Townsend—delivered on one day over 550 pieces of mail matter each.

Christmas at the Church.

The morning service at the Methodist church was a Christmas sermon by the Pastor and music by the girls' choir. "There were Shepherds" was sung as an anthem; "When I View the Mother" (Barby) as an offertory.

In the evening there was a service of music, stereopticon slides of the life of Christ, interspersed with Scripture bearing on the views as placed on the screen. It was a most excellent service. Rev. T. H. Lawson was present with his lantern.

On Monday evening there were two trees filled with presents for members of the school. Home made candy in abundance for all present, as well as popcorn and red apples made things enjoyable. A well-filled stocking for the Pastor from women of the school, and one for Mrs. Needham from the men, was a feature. The classes had all previously filled stockings for use in San Francisco among the poor by the Deaconess workers.

At the Congregational church Sunday morning there was a service of song and scripture reading and recitations. Besides the choruses there was a solo by Mrs. Luther and a duet by Misses Myra Hoag and Hazel Abbott. In the evening the Pastor's stereopticon was used with appropriate views. Monday evening there were two Christmas trees, a Santa Claus and a pretty fairy play. As usual the less fortunate were remembered by the school with substantial gifts. Mr. A. K. Joy had charge of the Christmas eve exercises and spared no pains and labor to make it the success it proved to be. The wall of bricks made from candy boxes was an additional attraction. The fairies performed their parts with winning grace.

Railroad Accident.

Monday morning the southbound passenger train was wrecked at the powder magazine two miles south of here, the baggage car and two coaches leaving the rail on a curve, and were turned over into the creek bed some forty feet below. A score of persons were more or less injured, but none seriously it is thought. They were at once removed to the Lyndon Hotel, Los Gatos, and several doctors summoned.

A spreading rail caused the trouble. A wrecking crew have been lifting the damaged cars to the track this week.

SAN FRANCISCO SCHOOL BOARD.

Send Answer to Americans in Japan Denying Roosevelt's Charges.

SAN FRANCISCO, Dec. 20.—Associated Press.—In reply to a communication from Mrs. Flora B. Harris, one of the most widely known of the American missionaries now residing in Tokio, on the Japanese school question in this city, the San Francisco Board of Education, through its Secretary, Elmore C. Leffingwell, has framed an answer which will be mailed to Japan. Mrs. Harris' letter is conceived in a friendly attitude, though she does not hesitate to criticize what she terms the "provincial spirit" of the local officials. She deprecates the attempt to classify the Japanese as "Orientals" or anything else calculated to convey a derogatory implication, and has a number of suggestions to make which she presents with the best of good feeling. Mrs. Harris' communication has apparently aroused the ire of the San Francisco school board, which resents the interference, but welcomes the occasion to put itself on record. Defiance seems to be the keynote of the reply, the President of the United States is said to have misinterpreted the local situation.

In a portion of her letter, Mrs. Harris says:

"I deprecate the misunderstanding in San Francisco. The Pacific has become a mere ferry for travel and commerce, and San Francisco must be cosmopolitan in spirit rather than provincial. I, with many others, regret that she has shown a provincial lack of knowledge as regards our treaty obligations. It is news to us all that the children of foreign residents under our flag can be excluded from the public schools and segregated without their consent, solely on account of their nationality. To found special

public schools of the diverse nations would be to establish a dangerous precedent."

Not Excluded.

In the reply of the Board of Education is found the following:

"The Japanese have not been excluded from the public schools of San Francisco. Despite the fact that no less a personage than the President of the United States has employed a similar assertion in framing a message to Congress, and notwithstanding the wholly unfair report made of the entire school incident by the Secretary of Commerce and Labor, the declaration that the Japanese have been excluded from our schools is an error. The 'Provincialism of Californians' as you term it oddly enough reflected in the hearts and minds of the people of Oregon and Washington—American citizens whose patriotism does not place in the soft glow of a Far Eastern sun and whose life blood has been shed more times than once in defense of treaty rights, of liberty, of justice and protection of American institutions.

"The fact that the President of the United States, basing arguments upon the assumptions and framing against a loyal people scathing criticism, regarding a matter which is purely one of local concern, does not in the least deter the people of the Pacific coast, who, after all, are doubtless the best judges of their own immediate needs and welfare. Neither do the misleading deduction or recommendations of a politician high in authority, when voiced through a document which plainly sought the light of favor and not of truth, impress the people of this locality with any sense of doubt as to their rights as freeborn Americans or as to the justice of the stand they have taken. Without the intervention of misinformed or prejudiced public men, California would deeply have appreciated an opportunity to exercise the fundamental right to deal with this subject alone and unaided, in which event Japan might have spared herself much of the concern that has resulted from the work of meddlers.

"The Board of Education will not recede from its position, and whether the President of the United States has been led into error and now applies emphatic language to the people of this State, or whether ambitious secretaries distort plain facts and shape documents that may perhaps be formidable in a political sense, the school authorities of this city, acting under a State law and without prejudice, will doubtless adhere to the very reasonable stand that has been taken."

Every Young Person Should Know.

That the average wages paid for unskilled labor in this country is less than \$300 a year—the average paid to skilled labor is about \$1,000—a difference of \$700 a year.

If the skilled laborer works 30 years at the same rate this makes \$21,000 more he will earn than the unskilled laborer. But suppose the skilled laborer puts out his \$700 superior earnings each year at 7 per cent compound interest, this would amount to \$66,122.55 at the end of the 30 years.

It seems like a fairy tale, too good to be true, but a total investment of \$125 to \$200 and about five months' time in a business and shorthand course in the San Bernardino Business College of San Bernardino, Cal., prepares a young person to do the skilled labor and save up \$700 a year.

No other school in the West is enjoying the growth and prosperity accorded to this institution. Here book-keeping, banking, etc., are taught by having students transact through regular business offices and banks every item of business that goes on their books. The famous Lightning Lovable Shorthand is taught by its author. Particulars for the asking.

King of All Cough Medicines.

Mr. E. G. Case, a mail carrier of Canton Center, Conn., who has been in the U. S. Service for about sixteen years, says: "We have tried many cough medicines for croup, but Chamberlain's Cough Remedy is king of all and one to be relied upon every time. We also find it the best remedy for coughs and colds, giving certain results and leaving no bad after effects." For sale by the Farmers Union, Agent.

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croup and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children as it is pleasant to take and contains nothing injurious. Mr. E. A. Humphreys, a well known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croup and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by Farmers Union, agent.
